

Year 3 – Autumn 1 Learning Journey

Reading

This term we are going to be reading 'Great Women Who Changed The World,' by Kate Pankhurst, who is a descendent of Emmeline Pankhurst. She has created this wildly wonderful and accessible book about women who really changed the world. Each week, we will be focusing on a different reading strategy to develop our reading skills. Some of the reading strategies we will be focusing on are:

- Prediction
- Clarifying
- Questioning
- Summarising
- Inference
- Making Connections
- Evaluating

Maths

Week 1 – We will be learning about place value by taking part in place value games.

Week 2 – We will be looking at number and place value by identifying the value of a given number, identifying numbers on a number line and finding one more/less than a given number.

Week 3 – We will be focusing on the part, part whole model and we will compare and order numbers up to 1000.

Week 4 and 5 – We will be focusing on addition and subtraction with a focus on fluency and reasoning.

Week 6 and 7- We will be focusing on multiplication and division with a focus on fluency and reasoning.

Week 8- Time – We will be focusing on how do you tell the time from an analogue clock and how to read and record to the nearest minute and hour.

Writing

In English, pupils will use the 'Write Stuff' approach, to build texts by carefully creating a series of sentences, using different 'lenses'. So our focus this term will be basics, punctuation and sentence structure.

In writing, as part of our non-fiction unit, we will be writing a Biography based on a lady from the book 'Great Women Who Changed The world'.

For our fiction unit we will be writing a story. We will explore the plot points of our story. We will continue to develop our writing skills by focusing on different writing techniques during our sentence stacking lessons. We will then complete a final independent piece of writing.

PE

In PE, we will be focusing on multi skills and exploring a range of exercises that will increase our fitness levels. We will look at the rules of football, developing skills of passing the ball and putting passing techniques into a competitive situation.

Science

In science, we will introduce: Animals including humans (nutrition, muscles, skeleton) and are revisiting our forces and magnets topics. We will be checking our understanding of key vocabulary and recapping our understanding of fair testing and carrying out scientific investigations.

Art & Design Technology

Our focus is Prehistoric Art. We will be experimenting with charcoal, berries, leaves, homemade paints and more so children get a sense of what it was like to create art thousands of years ago and why these pieces were created.

Geography/History

This term we will be learning about counties and regions of the UK. We will be identifying counties and regions by locating them on a map and by understanding the differences between counties and regions.

Computing

The unit we will be studying is 'Journey inside the computer.' The focus of this unit is knowing how computers work and to develop a better understanding of how to instruct them to achieve the desired result.

Music

In music, the children will be creating compositions in response to an animation.

MFL

Throughout this term, we will be learning how to introduce ourselves and forming simple conversations in Spanish.

PSHE

Our focus is to identify how we can help create a safe and stimulating learning environment and also to ensure how we can support and welcome new arrivals in to our school. We will be learning about trusted adults and who we can go to for support.

RE

In RE, the children will be learning about Diwali, The Amrit Ceremony and the Khalsa.
