

Year 3 – Autumn 1 Learning Journey

Reading

This term we are going to be reading 'Great Women Who Changed The World,' by Kate Pankhurst, who is a descendent of Emmeline Pankhurst. She has created this wildly wonderful and accessible book about women who really changed the world. Each week, we will be focusing on a different reading strategy to develop our reading skills. Some of the reading strategies we will be focusing on are:

- Prediction
- Clarifying
- Questioning
- Summarising
- Inference
- Making Connections
- Evaluating

Maths

Week 1 – We will be revising our knowledge of place value and addition/subtraction by taking part in math-based games.

Week 2/3 – We will be learning about addition and subtraction across 10, building on our fluency to 10 to aid the addition of 3 numbers.

Week 4 – We will be focusing on the different ways you can partition 100 such as using 10's, 20's, 25's, 50's and 100's, using number-lines and dienes.

Week 5 – We will be learning multiple ways to represent three-digit numbers up to 199, using a variety of resources. We will use this to help us when working with sums of 10 more or 10 less.

Week 6 - We will be revisiting how to measure length using cm and metres, to aid conversion across the two measurements.

Week 7- We will be focusing on rounding to the nearest 100, using our prior knowledge of counting in 10's and 100's.

Writing

In English, pupils will use 'The Write Stuff' approach, to build texts by carefully creating a series of sentences, using different 'lenses'. So our focus this term will be basics, punctuation and sentence structure.

In writing, as part of our non-fiction unit we will be writing a biography based on a woman from the book 'Great Women Who Changed the World'.

For our fiction unit we will be writing a story. We will explore the plot points of our story. We will continue to develop our writing skills by focusing on different writing techniques during our sentence stacking lessons. We will then complete a final independent piece of writing.

PE

In PE, we will be focusing on co-ordination in footwork to master skills needed for a variety of sport and leisure activities.

Science

In science, we will introduce Animals including humans (nutrition, muscles, skeleton) and we will be revisiting our forces and magnets topics. We will be checking our understanding of key vocabulary and recapping our understanding of fair testing and carrying out scientific investigations.

Art & Design Technology

Our focus is Eating Seasonally: we will be learning how different fruits and vegetables grow in different climates and how seasons can affect the availability of select food. This will lead up to the design of our own tarts.

Geography/History

This term we will be learning about counties and regions of the UK. We will be identifying counties and regions by locating them on a map and by understanding the differences between counties and regions.

Computing

The unit we will be studying is 'Journey inside the computer.' The focus of this unit is knowing how computers work and to develop a better understanding of how to instruct them to achieve the desired result.

Music

In music, the children will be creating compositions in response to an animation.

MFL

Throughout this term, we will be learning how to introduce ourselves and forming simple conversations in Spanish.

PSHE

Our focus is to identify how we can help create a safe and stimulating learning environment and how we can support and welcome new arrivals into our school. We will be learning about trusted adults and who we can go to for support.

RE

In RE, we will be learning about the Amrit Ceremony and the Khalsa.

Important Dates

PE days – Monday and Thursday
Term ends – 21st October 2021 at 3.15pm
